Dear Mr Ünal, Dear Kerem

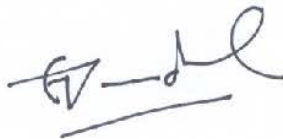

ECO2011, the 18th European Congress on Obesity

May I take this opportunity, on behalf of the EASO Executive Committee and the ECO2011 Organising Committee, to thank you for your outstanding organisation of ECO2011. The congress was a scientific, financial and logistical triumph and this was in large part due to the dedication, efficiency and expertise of yourself and your team.

In addition to this, your unrivalled knowledge of the highlights of Istanbul made our planning meetings, VIP meetings and social events quite remarkable - they will live in our memories for a very long time.

Finally, may I say that it was a personal pleasure to work with you on this major European congress. If we could return to Istanbul every year, we would do so.

With my thanks and kindest regards

Euan Woodward
Executive Director, EASO
