Dear Kerem,

I would like to refer to the organization of the seventh session of the CRIC and the first special session of the CST, held respectively in Istanbul from 3 to 14 November and 3 to 6 November 2008.

I would herewith again like to express my most sincere gratitude for the assistance and expertise you brought to the success of these sessions as part of the staff of the then designated service provider, *a savoir*, Figure. Your personal commitment and kind support had significantly contributed to the success of our conference.

With my very best wishes and warmest regards,

Sincerely yours,

Rajeb Boulharouf
